

IEA Triennial Awards – Call for nominations

The IEA is calling for nominations for IEA Triennial Awards. Characteristics of these awards are provided below. For all awards, nominations should be submitted by Federated Societies to the Chair of the Awards Committee, Pierre Falzon.

For all IEA Triennial Awards, nominations should include :

- a letter from the Federated Society justifying the nomination
- a vitae of the nominee

Letters of support can also be sent.

Deadline : for all awards, nominations should be sent before May 1, by electronic mail to pierre.falzon@cnam.fr.

Pierre Falzon
Past President of the IEA
Chair of the IEA Awards Committee

IEA Triennial Distinguished Service Award

The IEA Distinguished Service Award is presented to individuals for outstanding contributions to the promotion, development and advancement of the International Ergonomics Association.

IEA Triennial Outstanding Educators Award

The IEA Outstanding Educators Award is presented to persons in recognition of outstanding contributions in the area of ergonomics education for having either:

- developed ergonomics education programs,
- produced new methodology and/or materials for teaching ergonomics,
- graduated persons who have become outstanding ergonomists.

IEA Triennial Award for Promotion of Ergonomics in Industrially Developing Countries

The IEA Award for Promotion of Ergonomics in Industrially Developing Countries is given to a person who has made significant and outstanding contributions to the Development of Infrastructure of Ergonomics in an industrially developing country. This may be manifested through development of teaching/training programs, implementation of ergonomics design in industry, development of R&D programs, organization of ergonomics professionals and extensive collaboration with international bodies such as United Nations.

IEA Triennial Ergonomics Development Award

The IEA Ergonomics Development Award is presented to persons who have had an international impact on ergonomics in terms of making a contribution or development which:

- significantly advances the state of the art in an existing ergonomics sub-specialty,
or
- opens up a new area of ergonomics research and/or application.
