

Science Technology &
Practice Committee

Technical Committee Primary Industries

Chair

Name Dave Moore
Affiliation Centre for Human Factors and Ergonomics
Address Suite H, Building 6, 331 Rosedale Rd, Albany, Auckland, New Zealand.
Contact Tel 00 64 (0)9 415 9026 Mob 00 64 (0)27 290 6954
 Email d.j.moore@massey.ac.nz

Members

1. Name Martina Jakob
Affiliation Leibniz Institute for Agricultural Engineering Potsdam-Bornim
Address Max-Eyth-Allee 100, 14469 Potsdam, Germany
Contact Tel 00493315699624
 Email mjakob@atb-potsdam.de

2. Name Elias Apud
Affiliation Unit of Ergonomics, University of Concepción, Chile
Address Casilla 4025, Concepcion-3, Chile
Contact Tel 56-41-2203064
 Email eapud@udec.cl

3. Name Candice Christie
Affiliation Rhodes University, Department of Human Kinetics and Ergonomics
Address P.O. Box 94, Grahamstown, South Africa
Contact Tel 27 (46) 6038470
 Email c.christie@ru.ac.za

Objectives

1. To organize scientific events endorsed or co-sponsored by IEA, such as conferences, workshops, symposia, panel discussions and demonstrations. The outcome of the event to be disseminated to IEA in the form of proceedings, technical reports, guidelines, and so forth.
2. To discuss issues related to the Technical Committee's objectives and activity plan.
3. To coordinate research, practice and standards issues pertaining to the domain through networking and collaboration with associated bodies such as ISO, ILO, WHO, ICOH and so forth.

Structure

Membership of the group is to be open to any interested member of an ergonomics society federated to the IEA. Representatives of associated bodies such as ISO, ILO, WHO, ICOH may be added to the network at the discretion of the Chair. Working groups may be formed by the Chair for specific purposes, such as the review of papers for a symposium. A new Chair is appointed at each IEA Triennial congress, by the incoming IEA Executive after consultation with the Technical Committee members.

Activity Plan

Activities	Description	Responsible	Milestones	Deliverable/Timeline
1. Produce an international review of the state of play – ergonomics in the Primary Industries	Journal paper – a comparative peer-reviewed study identifying priorities for research and practical actions in the field	Chair to compile with input from all, and final draft with a small working group	Semi-structured discussion groups to be held at Maastricht 2006, KL 2007, and Beijing 2009 conferences	Paper submitted after 2009 Triennial
2. Assistance with Symposium and Panel for the Nov 2007 Kuala Lumpur	Review of papers and organising of sessions	Working Group – not yet formed	Review of papers early - mid 2007	2007
3. Symposium and Panel - Ergonomics in the Primary Industries at the IEA Congress 2009	Presentation of research papers and a panel discussion	All	Two sessions of papers (8) and one panel or facilitated group discussion	2009
