

Proposal for the organization of the HEPS'2019 Conference in (city), (country)

Organizing committee

Indicate the composition of the Organizing Committee

Why in (city)

Indicate the reasons why the elected city and institution would be a good choice to host the conference

Ambition and challenges

Describe what you want to achieve with this edition of HEPS, at the local level and at an international level, in terms of evolution of practices and development of research.

HEPS'2019 Topic

Describe the general topic and some thematic tracks associated with it.

Date and place

Define dates and place. Please evaluate the possibility of overlapping similar events

Supporters and sponsors

Include a potential list of institutions and organizations that could support or sponsor the event. This should include the explicit support from the local HF/E society (IEA member).

Framework for the Scientific program:

Describe the general structure of the scientific program including

- plenary lectures
- oral communications in parallel sessions
- posters

- symposiums

Please indicate related publication policy for conference proceedings

Composition of the scientific committee

Define criteria for the identification of the Conference Scientific Committee and give a provisional list of members

Please submit your proposal for HEPS2019 through:

Sara Albolino – Chair Healthcare Ergonomics IEA Technical Committee

Email: sara.albolino@gmail.com; rischio.clinico@gmail.com

Pierre Falzon – Chair Steering Committee HEPS
